ABOUT ME

Computer Science student passionate about data analysis, machine learning, and web development. Proficient in Python, MySQL, HTML/CSS, and JavaScript. Seeking an opportunity to gain hands-on experience in data modeling, visualization, and front-end development while contributing to real-world solutions in a professional environment.

EDUCATION

Mapúa Malayan Colleges Laguna   Expected October 2025

Bachelor of Science in Computer Science, Majoring in Sofware Engineering
Relevant Courses: Data Structures and Algorithms, Software Engineering, Software Analysis and Design

SKILLS

- **Computer Skills:** Microsoft Office, Google Suite, Basic Coding
  - **Languages:** Python, JavaScript, Java, C#, C, C++, PHP, MySQL, HTML/CSS, Assembly
  - **Frameworks**: ASP.NET, ASP.NET CORE, Flask, React, Bootsrap, Node.js, Next.js
  - **Applications:** Github, Postman, Unity, VS Code, Visual Studio, Android Studio
- **Language Skills:** English and Tagalog
- **Soft Skills:** Communication, teamwork, problem-solving, time management

PROJECTS

Carbon Footprint Predictor   December 2024 - Present

A web application for predicting future case, Pyplot for data Visualization, Optimization of mathematical model using LSTM, React for design, Github for project collaboration.

Cirrhosis Predictor   May 2024

Model for Quiz Manager and Render the NaiveBayes: Python, ViewModel for Script and Control: JavaScript, Styles for Data Visualization: CSS and SCSS.

ACHIEVEMENTS

Awards:

- Consistent Dean's Lister (2021 - Present)

Extracurricular:

- Member of Junior Philippine Computer Society Student Chapter (2023 - Present)
- Board of Director, CCIS Student Council (2023-2024)

Certification:

- Effective Speaking and Listening Skills (US English) ()
- Silver League in Google Cloud Skills Boost (2023)
